

INDUSTRIAL VALVES & TOTAL SOLUTIONS

www.valvesco.be

Valvesco is an independent family owned company, founded in 2001. As a supplier of valves, actuators and more, we bring solutions to the chemical, pharmaceutical, paper, food, gas and metal industry.

Our impressive stock combined with a flexible and strong service makes Valvesco your excellent partner.

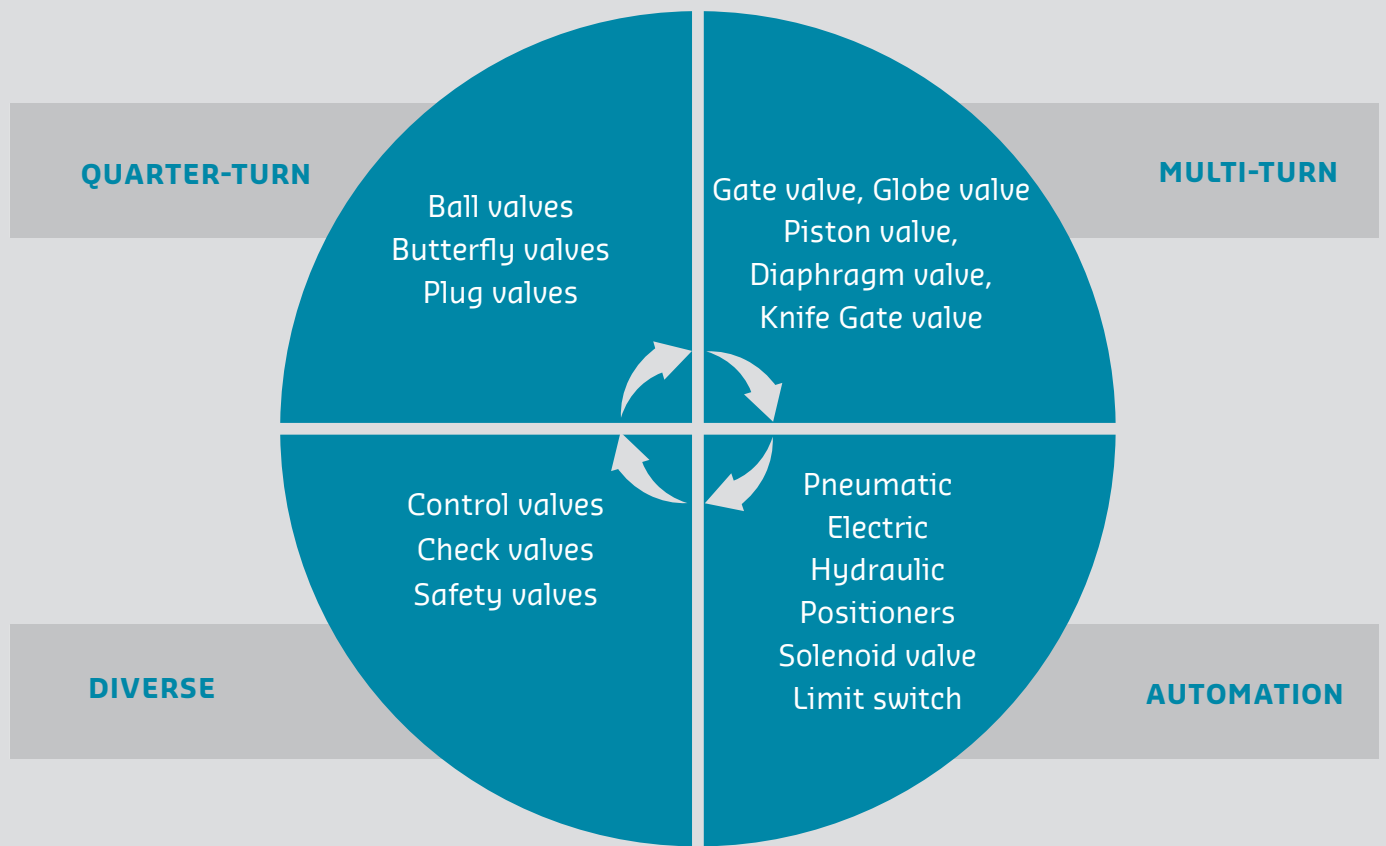

Our services

Every day we work together with end users, engineering and installation companies to obtain the optimal flow in your process.

- Supply and storage of standard valves
- In-house automation
- Delivery of total solutions & projects
- Improvement of existing flows, performances and processes
- Support, calculation and consulting
- Tailor-made solutions
- 3D Drawings
